In partnership with the Canadian Curling Association, YCA is pleased to announce that all affiliated Curling Clubs in the Yukon are eligible to apply for funding through the Curling Assistance Program. Clubs can submit a funding request for a wide variety of projects. Please take a look at the attached document for more information, and call the YCA office so we can assist you with your submissions.

Please have your affiliation fees and paperwork to the YCA before the end of the month. Doing so will keep you in good standing, and provide you with being able

to send a ladies and a mens team to represent your respective clubs at the Yukon Dominion Club Championships in Atlin. Information has been sent to the clubs, but feel free to give us a call if you need more information or have any questions.

Please also encourage teams to consider competing at the Yukon Mixed Championships in Mayo on the March 10-13 weekend. The winning team will represent Yukon at the National Mixed Championship in Sudbury next November. This event will have representative teams from all 14 member associations, which will be historic for our sport.

Within days, our revised website will be online. We will let you know more about this in the coming weeks.

Please do come out and watch some of the best Curling in the territory January 27-30 at the Whitehorse Curling Club. Both the Scotties and the Yukon men will be playing at various times during the weekend. It is sure to be an exciting event. Thanks to the Whitehorse Curling Club for once again being willing to host this major sporting event.

YCA is always looking for new board members to help us grow and develop the sport in the territory and to contribute on a national level. Also, we are looking for candidates to be our technical coordinator, and always are looking for more officials. Please consider giving back to the sport by being involved with the YCA.
